

TEACHER PROFESSIONAL DEVELOPMENT PROGRAM

SUCCESS FOR STUDENTS WITH ADHD

FRIDAY 17 MARCH | 9AM - 3PM | FLOREAT, PERTH

Key Learnings

- What is happening **inside the ADHD brain** from a **neuro-psychological perspective**.
- The **biggest challenges** and **daily struggles** for young people with ADHD.
- **Barriers to learning** (spoiler: attention is not the main barrier).
- **Strategies to overcome barriers** and support your students to achieve success.
- How to **partner with families** to achieve better outcomes.

Topics Covered

- **Understanding ADHD** (the latest research provides some surprising insights).
- **Inclusive classroom management** and clever ideas for **adjusting the environment**.
- Effective approaches for **behaviour management** and **reinforcing positive behaviour**.
- **Emotional self-regulation** and **critical support** for social emotional well-being.
- Evidence based, high impact **teaching strategies**.
- Simple and effective accommodations and differentiation that supports a **strengths-based approach**.
- **Engaging with parents** to support learning.

\$250 (schools membership)
\$320 (non-members)
